Poor Snuff must miss you because he is moaning for you & making such a nose. I enjoyed the picnic very much - we had a lovely drive going & returning. We went to see the cromleck & some crawled through. Dorothy went in, & we told Miss Rogers to go through. When she was crawling through, Dorothy pressed her legs down & she said she thought the roof was falling in. She was very nasty to our clothes. She has told the first years that she likes their clothes better than ours - you ought to have seen her dance for Sir Roger. We nearly had a fit it was so funny. We reached home about 10.45 I was so sleepy - I leant against Rita coming home & she said I was an awful weight - By the way we were nearly all weighed on a weighing machine out there & I weighed 8 st. 7½ lbs. The weather yesterday was beautiful & I was thankful that I wore my white dress which I ironed in the morning - It is very wet & dreary here to-day. We saw Contances very clearly yesterday & could distinguish the Cathedral & some houses. - On Friday we sold 2 straw animals & Jack sold a purse last night. - Please let me know where Mother has put Shortman's Jersey Pieces - How much are the hand-bags & writing case. - Father managed quite all right without me - He is good-tempered so far. - Ask Mother if I can go to the Old Students'. - Rita says she will go if I do. It is to be a proper dance at Le Chalet. - I should so like to go. I am very sorry to hear that Mrs Wheeler is managing for in business. - Myra also had a gold brooch - she did not have any boiler. I have brought the patterns back for Aug. - I am making my poplin by one of the patterns. - So glad you are enjoying yourself.

Love to all - Elsie.
